

Klassen 3A und 3B: Our trip to Brighton

We started on Sunday the 23rd April at 6.30 am. After the journey, including the bus ride to Innsbruck, the flight to London Gatwick and another bus ride, we finally arrived in Brighton at 2.00 p.m. Our host families were waiting for us and brought us to our accommodation for the following week.

On the first day we went with our host family to the beach and they showed us the surroundings of our new hometown.

School started the next morning at 9 a.m. Every day we had to take the bus to get to Olivet English Language School. It took us 20 minutes to get there. In the afternoon we discovered the city and later we went home for dinner. In the evening we walked to the beach and met our friends. When we wanted to get home we got off the bus at the wrong station and couldn't find the way to our house, so we called our mother who had to accompany us home.

On Tuesday we had school until 4 p.m. Afterwards we visited Lewes castle, which was not so interesting. Then we went home, took a shower, ate dinner and went to the beach.

The following day we went to London. We walked to Buckingham Palace where we saw the Changing of the Guards. After that we took a HOP on / HOP off bus, which we interrupted because it took us too long. For lunch we ate a burger and French fries and then we went to Oxford Street to do a little bit of shopping.

On Thursday evening we went bowling in Brighton Marina. It was really funny and we enjoyed the evening! Then we went to a restaurant where we had the traditional English fish and chips. It was delicious! Later we met our new German friends at the beach where they made a bonfire.

Unfortunately, Friday was our last day. At school we got our certifications and in the afternoon we visited the Royal Pavilion in Brighton. Then we bought some little presents for our family in Italy. In the evening we stayed at home and played "Just dance" with our host family. It was really funny!

On Saturday we took a flight to Innsbruck at 11.15 a.m. and arrived at home at 6 p.m.

It was an amazing trip! We had a lot of fun, learned many new things and would like to make this experience again.

Miriam Glöggel und Daniela Dondio, 3B
